I get up at a quarter to seven. I jump out of the bed and go to the bathroom. Wash myself and clean my teeth. Then I dress and sit down at the table to have my breakfast. I usually have a cup of tea or coffee, bread and butter. After breakfast I go to the technical school. My lessons begin at 8 o'clock. At one o'clock we have a lunch hour. I take it at the canteen of our technical school. At four o'clock the lessons are over, and I come home. When I get home from the technical school, I have dinner. After dinner I help my mother to wash up the dishes. Then I do my lessons. This usually takes me about two hours. At eight or nine o'clock I have supper. In the evening I listen to music or watch TV. If the program is not interesting, I go to the cinema or to the theatre. Sometimes, I go for a walk with my friends. We talk about different things and usually have a good time. At 11 o'clock I go to bed.

### Второй уровень.

#### 4. Переведите текст.

It's difficult to imagine the role of science and technology in our life. They accelerate the development of civilization and help us in our co-operation with nature. Scientists investigate the laws of the universe, discover the secrets of nature, and apply their knowledge in practice improving the life of people. Let's compare our life nowadays with the life of people at the beginning of the 20th century. It has changed beyond recognition. Our ancestors hadn't the slightest idea of the trivial things created by the scientific progress that we use in our everyday life.

I mean refrigerators, TV sets, computers, microwave ovens, radio telephones, what not. They would seem miracles to them that made our life easy, comfortable and pleasant. On the other hand, the great inventions of the beginning of the 20th century, I mean radio, airplanes, combustion and jet engines have become usual things and we can't imagine our life without them.

### Третий уровень.

#### 5. Ответьте на вопросы.

1. What do science and technology accelerate?
2. What do scientists do?
3. What do improve our life?
4. Can we imagine our life without modern devices?

1. I knew that she was in the hospital.
2. He thought she was sleeping.
3. We hoped that they would come on Sunday.
4. She said that she had been at the station.
5. I knew that she had watched TV that day.

### Второй уровень.

#### 3. Переведите текст.

People can hardly imagine their lives without modern technologies nowadays. It is almost impossible to go out without a mobile phone or an MP3 player, for example. These devices have become an important part of our life. Moreover, almost every day either a new technology is being invented or an old one is being improved. To stay up-to-date people keep buying newer items. Soon our houses and work places will look like electronic stores. Technology is all around us. First of all, we need it for work.

All modern offices are equipped with computers, scanners, printers, and other useful machines. One of the most important devices today is the wi-fi modem as it provides Internet. Secondly, technologies surround us at home, in cars and everywhere. It includes TVs, radios, refrigerators, vacuum-cleaners, washing machines, CD-players, e-books, cameras and else.

### Третий уровень.

#### 4. Ответьте на вопросы.

1. Can people imagine their lives without modern technologies nowadays?
2. What devices have become an important part of our life?
3. What do we need in our life?
4. What is the most important device today?
